

PR9262045: WAREHOUSE LARGE TRUCK – MANUFACTURE DATE  
2020

Large Closed body truck  
Drivetrain: 4X2  
Drive type: Right Hand Drive  
Driver cabin: Day and night cab  
Engine power: Minimum Peak power 130 kW  
Engine torque: Minimum Peak torque 675 Nm  
Fuel: Diesel  
Permissible total weight 13500 KGS  
Permissible axle load , axle 1 4700 KGS  
Permissible axle load , axle 2 9300 KGS  
Gearshift: Manual transmission  
Steering: Power steering  
Exhaust brake, with constantly-open throttle valve  
Engine, start/stop system  
refitting: Fuel pre-filter, water separator  
Front springs, parabolic  
Rear spring, parabolic  
Stabilizer front axle  
Stabilizer, rear axle, under frame  
Spare wheel carrier, under body: full size spare tyre

Main tank, 200 liters, Tank-cap lock  
Dual-circuit full air brakes  
Load sensing brake system  
Automatic brake adjusting  
Anti-lock braking system (ABS)  
Compressed-air drier (single-chamber system)  
Brake connection, 2-line, behind cab  
Hydraulic cab tilting mechanism  
Cab rear wall without window  
Roof hatch/vent, roof  
Cab steps, movable  
Side Mirrors, electrically adjustable  
Wide-angle exterior mirror on front passenger side  
Ramp/ kerb observation mirror on co-driver's side  
Electrically adjustable rear view mirror,  
Wide angle mirror on driver's side, heated  
Sun visor, exterior, transparent

Additional keys or remote-control transmitter

Driver's standard suspension seat,  
Co-driver's seat, static,  
Steering column bracket adjustable  
multi-function steering wheel  
Inst. cluster, graphics-capable display, eco-meter  
Speedometer, km, Outside temperature gauge  
Reversing warning device  
Driver Information System  
1 or 2 DIN radio, 2 speakers with AUX, CD, USB, Antenna + kit  
Air conditioning system  
Stowage facility above windscreen, 2 compartments

Trailer socket, 15-pin  
Headlamp range adjuster  
Headlamp unit, H7, with clear-lens look  
Protective grilles, headlamps  
6-part tail light cluster with reflector  
Side marker lights  
First aid kit, Fire extinguisher, Hazard warning triangle, Jack  
Labels/publications, English

Cargo Body

Closed body, rigid and water proof construction  
Plywood body : 20 mm  
Floor : 24 mm carply floor with anti-slip, metallic floor beneath the carply floor for additional strength  
Length inside : 5.700 mm  
Width outside : 2.500 mm  
Height inside : ca 2.300 mm  
Inside : 2 units of LED-lights  
2 rear doors  
Hydraulic Tail Liftgate  
Capacity 1.500 kg, 24 V

Preferred Makes: Mercedes, Isuzu or Mitsubishi which have spare parts and service centers throughout Kenya
